SUBJECT : NIE 11-6-54: Soviet Capabilities and Probable  
Programs in the Guided Missile Field

1. Attached is the Table of Contents to NIE 11-6-54.  
Please insert in your text of 7 September.

2. A representatives' meeting on this estimate has been  
scheduled for 10:00 Wednesday, 15 September.

3. Please note that the time set for the meeting is firm,  
inasmuch as the four outside scientists, which have been affiliated  
with the Board for this exercise, are coming from various parts  
of the country especially for this meeting.

4. The text which will be considered on 15 September is  
long. However, most of the substance has already been reviewed  
by various interagency groups during the preparation of contri-  
butions. We therefore hope you will not find this schedule an  
undue hardship.
